1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 3(c) Other: The sheet on which substitute fig. 1 is located is incorrectly identified. The sheet is not an "Annotated" sheet insofar as fig. 1 as submitted is intended to substitute for the original drawing figure. As such, the correct identification is "Replacement Sheet". An annotated sheet is for explanatory language or information, i.e. annotations rather than as a substitute or replacement for the existing drawings. If the identification of the drawings sheet remained as an "Annotated" sheet, the substitute drawing would not be printed on any patent which may issue on this application.
